

BRIEFING #10

WWW.ONADVICE.CO.UK

MAY 2014

On Advice Limited are sponsoring BOHS East Anglian Autumn Seminar: Chemical Regulations - Meshing Together

The day long CPD event will be held at the King Conference Centre in Norwich on 22nd October and be chaired by Ian Bartlett - Head of Facilities and Risk Management at Norwich Bioscience Institute.

The finer points of the day are yet to be finalised, however, confirmed presentations include: REACH and COSHH potential conflicts between Exposure Assessment and COSHH Assessments, also how to prove 'safe use' and 'adequate control', and Progress in the Global Harmonised System (GHS) of Classification and Labeling of Chemicals.

The day will be drawn to a close with a presentation on Eliminating the Causes of Occupational Cancer by Professor John Cherrie.

NOISE MONITORING AND ASSESSMENT

The Control of Noise at Work Regulations came into force for Great Britain on 6 April 2006. Their aim is to ensure that workers' hearing is protected from excessive noise at their place of work. However "Too many assessments are costly placebo exercises... Benchmark Digital Noise Assessments are an investment in practical and pragmatic advice that makes life easier - and that will pay for itself."-INVC. On Advice undertake assessments and then team up with INVC to provide elegant and innovative solutions to problems guaranteeing that you'll be using current best practice. The solutions typically bring project cost savings of 50% – 80%.

OCCUPATIONAL SAFETY AND HEALTH CONSULTANTS REGISTER (OSHCR)

OSHCR was established in response to the Government's Common Sense, Common Safety report, which recommended that all Health and Safety consultants should be accredited to a professional body and a web-based directory be

established. The register aims to assist businesses to find advice on general health and safety management. On Advice are pleased to announce their first Registered Consultant.
